

At Home with Nature

Sierra del Mar at Los Arcos: Puerto Vallarta's refined south shore lifestyle.

Sierra del Mar at Los Arcos is an exclusive oceanfront community that continues in the tradition of award-winning land planning, design, quiet elegance, and unmistakable quality, that have been the hallmark of Sierra de Mar's gated communities on Puerto Vallarta's south shore for over 20 years.

Located on some of the most serene and desirable waterfront in the area, this private residential enclave, offers the beauty of oceanfront living amidst this unique and lush natural setting, along with the amenities and charm of downtown Puerto Vallarta just minutes away.

Within Sierra del Mar at Los Arcos, are the Arco Menor and Arco Mayor residential condominiums. Located in two intimate low-rise buildings, beautifully designed by renowned architect, Juan Manuel Munguia, in a classic contemporary Mexican style, and built with exacting attention to detail, these residences provide an elegant response to today's modern lifestyle.

Every unit takes advantage of stunning views, offers approximately 3,228 square feet of living space with 3 bedrooms, 3.5 beautifully appointed baths, integrated living and dining space, and a spacious 450 square foot covered terrace. Marble floors and baths, custom kitchen cabinetry, tropical wood carpentry and top of the line finishes throughout, all speak to the modern design and uncompromising quality that discerning homeowners have come to equate with Sierra del Mar's homes.

Ample outdoor common areas enjoy the rich bio diversity of south Puerto Vallarta, including the shoreline, bay, Los Arcos, western Sierra Madre, and surrounding gardens. The buildings' terraces, gazebo lounge, and sand deck, are complemented by the community's private beach club, restaurant and gym, including infinity pools, and whirlpools, all conceived with the same casual luxury that defines Sierra del Mar's developments.

To experience this serene lifestyle for yourself, or to inquire about the few available residences, please contact us.
